"Be
true
to
your
school . . .

... and
let
your
colors
fly!"

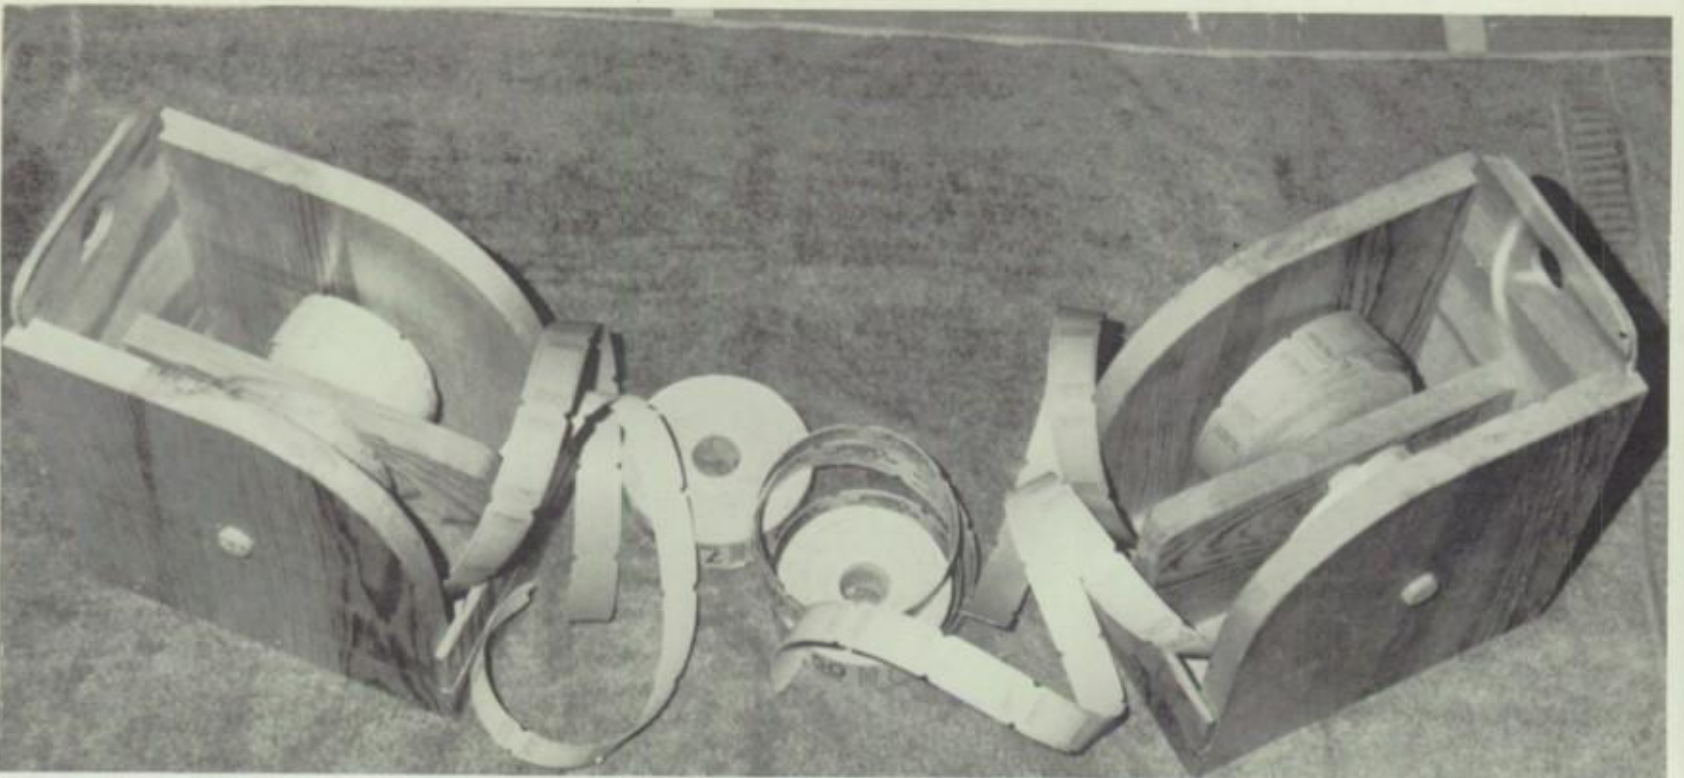

Dedication

A school is not just a building, it is the people in it who make it work — loyal fans, vigorous athletes, productive class officers, responsible club officers, industrious students, dedicated faculty members, and concerned administrators.

The 1978 Tomahawk Staff is proud to dedicate this year's book to all of the people who are . . .

true to our school.
